

What if, for less than the cost of buying one painting, you could turn your entire office or building into a rotating gallery?

Now, through **Chicago Art Leasing LLC**, you can do exactly that. You can lease our high quality fine art, creating a unique atmosphere for your building, office or even your home. Every so often, you can rotate your leased pieces with other available works from our gallery to keep your walls ever-changing and exciting. Our gallery includes both up-and-coming as well as already well established artists, many of who are available for private shows. If you have specific styles, colors and themes, we can also work with many of our artists to commission work. And of course, if you wish to own work, we can accommodate your needs.

We work in conjunction with other creative consultants and vendors, always respectful of the relationships you have in place. We use reliable and professional, insured installers so that putting up and changing artwork is simple and fast. We take as much care with our work as you do with your own.

The benefits of leasing artwork are too numerous to list here, not the least of which is that it is **entirely tax deductible** for your business. In addition to our art leasing program, we have a wide range of options to fit each client's inclinations and budget. We also offer a wide range of creative business services. Contact us today to find out more.

Chicago Art Leasing LLC is your solution for affordable, high-quality original artwork.
