

You help your clients look their best, why not do the same for your walls?

Now, through **Chicago Art Leasing LLC**, you can do exactly that. You can lease our high quality fine art, creating a unique atmosphere for your salon. You can regularly rotate your leased pieces with other available works from our gallery to keep your walls ever-changing and exciting. Our gallery includes both up-and-coming as well as already well established artists, many of who are available for private shows. If you have specific styles, colors and themes, we can also work with many of our artists to commission work. And of course, if you wish to own work, we can accommodate your needs.

We work in conjunction with other creative consultants and interior designers, always respectful of the relationships you have in place. We use reliable and professional installers to insure that putting up and changing artwork is simple and fast. We take as much care with our work as you do with your own.

In addition to our art leasing program, we have a wide range of options to fit each client's inclinations and budget. We also offer a wide range of creative business services. Contact us today to find out more.

Chicago Art Leasing LLC is your solution for affordable, high-quality original artwork.
